breast with grilled  
vegetables ..... **10**

## DESSERTS

- CHURROS WITH SALTED CARAMEL** ..... **6**
- MINI HELMET SUNDAE** ..... **4**

Welcome to Elgin Park!

Elgin Park brews beer on-site using a new seven-barrel brewing system that was custom built in Portland, Oregon, by Pioneer Tank & Vessel.

With guidance from Eric Marshall, Marshall Brewing Company's founder and brewmaster, we are able to produce a variety of high quality beers that are perfect to enjoy on their own or with our pizza, wings, or burger.

Our beers are crafted using traditional brewing methods that Eric learned while apprenticing in Germany. We will brew several year round offerings as well as seasonal brews and one-offs throughout the year.

Oklahoma Brewpubs are currently limited to brewing beers that do not exceed 3.2 percent alcohol by weight (~4.0 ABV). Guests can purchase any of these low-point beers to take home and enjoy in growlers or crowlers, which are available for purchase at the front entrance.

Elgin Park, in addition to its on-site beers, has guest taps reserved for some of our favorite breweries.
